DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

This is a three story high, two-bay wide structure laid in common bond. On the right of the first story is a large sheet glass window; below this window is a strip of aluminum siding. On the left of the window is a recessed glass door flanked by aluminum siding in the left, and a narrow, rectangular piece of sheet glass on the right. There is a transom consisting of one piece of sheet glass above the door. Above the first story is a canvas awning which spans the width of the building. A large rectangular sign appears just beneath the second story windows, all four of which (double hung 1/1) are contained within a rectangular, beveled aluminum frame. Third story windows have been blocked by the aluminum siding which covers the upper part of the facade.
